EXCELLENCE IN EDUCATION

Proud to partner with the Wisconsin Department of Health Services!

COVID CLINIC

COVID-19 TESTING CLINIC
FREE FOR STUDENTS, STAFF, AND DISTRICT FAMILIES

The COVID Clinic is a convenient and safe walk-up kiosk for testing that is quick and provides automated results. The clinic operates with a licensed medical professional and is approved by the FDA and certified by CLIA and OSHA.

No appointment is necessary. To register for a COVID-19 test, please **click here**. Each registered individual will receive an e-mail with their own unique QR code. (This unique QR code expires after 7 days or after it has been used at the clinic.)

The COVID Clinic kiosk is located near the District Office (2000 Beaser Avenue) and is open Monday-Friday from 7:30-4:00. Upon arrival, provide the clinic staff with your registration QR code. Rapid antigen testing (20 minute results) and PCR testing (3 day results) is available. Upon completion, test results will be e-mailed to the registered account.

Positive test results will be shared with the District Nurse for further consultation.
